This thing is on  
You're playing guitar  
And suddenly I feel romantic  
Helsinki Mile  
Play like Pearly Gan  
Cause suddenly I feel like dancin'  
You know I am  
Your biggest fan  
Be still my heart  
And let the consequences be damned

Say can I tempt you  
Can you be tempted, too  
Pick up another string on your guitar  
Hey can I tempt you  
Or can you be tempted to  
Play me like Satan's Seventh Bride

The string is strung  
Those stakes are high  
But I don't care cause I feel romantic  
Stand in the light  
Six carol lines  
Breathing far but I'll take my chances

Now I know you are  
A Jekyll and Hyde  
But so is Satan's Star  
And ready to join your tribe

Say can I tempt you  
Can you be tempted, too  
Pick up another string on your guitar  
Hey can I tempt you  
Can you be tempted to  
Play me like Satan's Seventh Bride
