"Purification Day"

Visit "[Purification Day](#)" on MotoLyrics.com

The time has come to rid the earth of all its Christian
filth

Exterminating all alive and accepting without guilt
Only through the spilling of blood can the world be
cleansed

Rivers of red must run free for us to make amends

Purification day, has come, purification day

Judgments come, reaper's song, murder must now
take place

Rejoice in death, final breath, dying God's children
must face

Executions taking place for the good of mankind

Knowing that purity is what we plan to find

Showered in the blood of unworthy souls

Salvation by death, as Satan takes his role

Purification day, has come, purification day

Judgments come, reaper's song, murder must now
take place

Rejoice in death, final breath, dying God's children
must face
