oooohhhh oooohhh

I used to go out of my mind tryna re define the real  
meaning of love  
I lost my dignity forgot about me I was so lost in us  
I had to take on, cause you had me stuck in the middle  
of nowhere  
And my faith it would shake, I know you're trying your  
best to take me

Chorus: dream taker won't you leave me alone  
been standing in the way for far too long  
Dream maker now it's taking your place  
I'm no longer asleep my heart is finally awake  
So goodbye, good day, farewell, it's okay  
Dream taker won't you leave me alone  
Can't wait til youre gone haven't dreamt in so long

You used to be the man of my dreams only now it  
seems you were just a nightmare  
But this little light of mine told me open my eyes  
there's more than darkness out there  
I'm not gonna run from ya, Imma walk from ya, I'm not  
afraid of ya, I've escaped from ya  
And my faith is in place  
In the night I no longer see your face!

Chorus  
Dream taker won't you leave me alone

been standing in my way for far too long  
Dream maker now it's taking your place  
I'm no longer asleep my heart is finally awake  
So goodbye, good day, farewell, it's okay  
Dream taker won't you leave me alone  
Can't wait til you're gone haven't dreamt in so long

Ooohhhhhhhhhh From ashes to ashes and dust to us!  
Ooohhhh Im not gonna run from ya, imma walk from  
ya, im not afraid of ya, ive escaped from ya  
Im not gonna run from ya, imma walk from ya, im not  
afraid of ya, ive escaped from ya (yeahhh)

Chorus: Dream taker won't you leave me alone  
been standing in my way for far too long  
Dream maker now it's taking your place  
I'm no longer asleep my heart is finally awake  
So goodbye, good day, farewell, it's okay  
Dream taker won't you leave me alone  
can't wait til youre gone haven't dreamt in so long  
can't wait til youre gone haven't dreamt in so long  
can't wait til youre gone haven't dreamt in so long
