I love you Mom, you are my favorite girl.  
My name is Bruno I'm only 4 years old.  
I'm at that age I have to do what I'm told.  
My friends ask me if I wanna play ball.  
My mommy told me to give them a call.  
You see I play guitar but my fingers too small.  
I tried to play piano but my feet can't reach the floor  
My mommy helps me with my voice,  
cuz a superstar singer is my first choice.  
I love you Mom, you are my favorite girl.  
I love you Mom, you'll always be my favorite girl.  
I wanna jump rope, I wanna play Nintendo,  
but I just choose to write a new single.  
I'll sing to my Mom, sing it to my Dad,  
I just hope I don't sing bad.  
My parents help me out cuz I know they love me,  
I just wish they buy me more toys and candy.  
I always brush my teeth cuz my mommy said,  
I do it in the morning and right before bed.  
I love you Mom, you are my favorite girl.  
I love you Mom, you'll always be my favorite girl.

I love you Mom, you are my favorite girl.  
I love you Mom, you'll always be my favorite girl.  
I love you Mom, you are my favorite girl.
