i dont recognize my reflection
all i see is a product of your diception
gave you all of me without question
but you had to take advantage of the blessing

i worned you
i told you
it would end this way
but you kept on playing
all these childish games
just like every other man your all the same
revenge is sweet i love the taste its giving me

im a killa on the run
you broke my heart
and now your staring down my gun
click clack
now watch me pull this trigger just for fun
was once a good girl on the run
ki ki ki killa killa
killa on the run
ki ki killa on the run

wipe thpse tears from your eyes its to late
with that rag in your mouth
cant hear what you say
star to the train tracks
beggin me for mercy
this is gonna hurt you more than it hurts me

i worned you
i told you
it would end this way
but you kept on playing
all these childish games
just like every other man your all the same

revenge is sweet i love the taste its giving me

im a killa on the run
you broke my heart
and now your staring down my gun

click clack
now watch me pull this trigger just for fun
was once a good girl on the run
ki ki ki killa killa

you brought this all on yourself
i loved you more than anyone else
karma's a bitch so shutup and take it
look at the monster you created

you brought this all on yourself
i loved you more than anyone else
karma's a bitch so shutup and take it
now im a monster monster you created

yeah yeah ooohhh yeah

im a killa on the run
you broke my heart
and now your staring down my gun
click clack
now watch me pull this trigger just for fun
was once a good girl on the run
ki ki ki killa killa
killa on the run
ki ki killa on the run

(click clack) goodbye
