I don't recognise my reflection  
All I see is a product of your deception  
Gave you all the men without question  
But you had to take advantage of a blessing  
I warned you  
I told you  
You kept on playing all those college games  
And just like every other man you're all the same  
Revenge is sweet I love the taste it's giving me

I'm a killer on the run  
You broke my heart and now you're staring down my gun  
Click clack now watch me pull this trigger just for fun  
Was once a good girl now a killer on the run  
Ki ki killa killa killa  
Killa on the run  
Ki ki ki killa on the run  
Killa on the run...

Wipe those tears from your eyes it's too late  
With that ? in your mouth can't tell what you say  
Slide to the train tracks begging me for mercy  
This is gonna hurt you more than it hurts me

I warned you  
I told you  
You kept on playing all those college games  
And just like every other man you're all the same  
Revenge is sweet I love the taste it's giving me

I'm a killer on the run  
You broke my heart and now you're staring down my gun  
Click clack now watch me pull this trigger just for fun  
Was once a good girl now a killer on the run  
Ki ki killa killa killa

You brought this up on yourself  
I loved you more than anyone else  
Karma's a bitch now shut up and take it  
Look at the monster you created  
You brought this up on yourself

You brought this up on yourself  
I loved you more than anyone else  
Karma's a bitch now shut up and take it

Now i'm a monster  
A monster you created

I'm a killer on the run  
You broke my heart and now you're staring down my gun  
Click clack now watch me pull this trigger just for fun  
Was once a good girl now a killer on the run  
Ki ki killa killa killa  
Killa on the run  
Ki ki ki killa on the run  
Killa on the run...
