How do I end up in the same old place,
faced again with the same mistakes.
So stop and think and not know what is right,
but love proves me wrong, everytime.

Takin roads that lead me nowhere,
how do I expect to get there?
When will I learn to just put you first?
I come to you now when I need you
But why do I wait to come see you,
I always try to do this, on my own.
But I was wrong, cuz only with you,
Can I move on.
Can I move on.

When I am weak, its you that makes me strong.
and I know that you've been with me all along.
So many times I forget to close my eyes and listen to
my heart.
With you love is so easy, why do I make it hard?

Oh, takin roads that lead me nowhere,

how do I expect to get there?
When will I learn to just put you first?

I come to youu now when I need you.
But why do I wait to come see you?
I always try to do this on my own, but I was wrong?
Cuz only with you can I move on.

Ill get out of my own way,
Let you have your way,
Cuz I realize I'm no good on my own.
Im there for you,
Ill settle for you.
I cant live without you.
No...

I come to you now when I need you,
Why do I wait to come see you?
I always try to do this on my own,

but I was wrong, I was wrong, I was wrong...

With only you, only you, only you,
Can I move on,
Can I move on.
Can I move on?
