Here I am again, doing things I said that I wouldn't do
It's 3AM and I'm rushing out the door to see you
Waiting, all day, but now you wanna call me
Why do you do this to me all the time?

After all the things you put me through, still I come
right back
But now I know the truth, I can finally see
You only want me when you're lonely
If I say I'm gonna leave, that's the only time you want
me
Next time you need me there I won't make it
Another late night call I won't take it
Cos now i finally see, you only want me when you're
lonely
Only when you're lonely, lonely
Only when you're lonely
Only when you're lonely, lonely
Only when you're lonely

Had me fooled from the start and I quickly gave my
heart
COS I LOVE YOU, love you, love you
But this is what happens when you're a lonely girl with
no one to touch you
Now I'm stronger, don't need you any longer
So get off your knees, your words don't mean anything

After all the things you put me through, ooh still I come
right back
But now I know the truth, I can finally see
You only want me when you're lonely
If i say I'm gonna leave, that's the only time you want
me
Next time you need me there I won't make it
Another late night call I won't take it
Cos now I finally see, you only want me when you're
lonely

Oh nothing's ever changing, decisions you can't make
it
You just think of yourself and never me at all

If you're with your friend, you just leave me alone
But i won't allow it anymore, so it's time for me to move
on

Cos I can finally see, you only want me when you're
lonely
If I say I'm gonna leave, that's the only time you want
me
Next time you need me there I won't make it
Another late night call I won't take it
Cos now I finally see, you only want me when you're
lonely
Only when you're lonely, lonely
Only when you're lonely
Only when you're lonely, lonely
Only when you're lonely

I can finally see, you only want me when you're lonely
If I say I'm gonna leave, that's the only time you want
me
Next time you need me there I won't make it
Another late night call I won't take it
Cos now I finally see, you only want me when you're
lonely
