oohh no
oh oh oh

so easy to forget all of the little things we do
like callin' for no reason
just the shape of words
baby i love you
i know lately
i've been busy
but a second doesn't go by without you crossing my
mind
it's been so long
since we had time
let's take a day and make everything right...

just take my hand
fall in love with me again
let's run away to the place
when love first found us
let's run away for the day
don't need anyone around us
oh oh oh
when everything in love gets so complicated
it only takes a day to change it
well i have to say
can't wait
all i need is a day
so let's run away
let's run away
just for the day
run away
run away...

girl you've been so patient
spending nights alone and not complaining
but i'll make it up to you
and i promise today i won't keep you waiting
please give me this one chance to remind you of
everything we had
i won't give up
i'm too much in love
and i want you to know that...

just take my hand
fall in love with me again
let's run away to the place
when love first found us
let's run away for the day
don't need anyone around us
oh oh oh
when everything in love gets so complicated
it only takes a day to change it
well i have to say
can't wait
all i need is a day
so let's run away for the day
and i'll give everything in this moment
and i promise to make everyday just like today...

let's run away to the place
when love first found us
let's run away for the day
don't need anyone around us
oh oh oh
when everything in love gets so complicated
it only takes a day to change it
well i have to say
can't wait
all i need is a day
so let's run away...
