"To Write Love On Her Arms"

Well she won't leave this night alone
And she won't sleep at all
And all the sorrow that she takes out on herself
It comes around and leaves her bleeding on the floor
And she knows
Yeah she knows that there's a lot of ugly things about
this world

These street lights
They shine bright
As they illuminate the darkness of the pavement
They shine
As we try to write in on her arms
The love she longs to taste
And we'll find that inside
That she's a broken heart that anyone could save
It's alright, it's alright, it's alright

Feeling worthless, self-destruction
Try to take control of this
Find a purpose, reconstruction
Write it somewhere it will stick
And stars are hiding now
But there's something out there still
And she knows
Yeah she knows that there's an awful lot of beauty in
this world.

These street lights
They shine bright
As they illuminate the darkness of the pavement
They shine
As we try to write in on her arms
The love she longs to taste
And we'll find that inside
That she's a broken heart that anyone could save
It's alright, it's alright, it's alright

And the stars are always there
But we miss them in the dirt and clouds
We miss them in the storms
Remember hope

Remember hope
Hold onto hope
We have hope
Hold onto hope
(It's alright) (x8)
