I've been looking for the questions
I've been looking for the questions
To the answers I've been fed
To the answers I've been fed
A banquet of lies
A banquet of lies
Digested with a smile
Digested with a smile
I'm a captive in a hole
I'm a captive in a hole
I'm gracious in defeat
I'm gracious in defeat
Take back the mic
Take back the mic
Turn off the light I stole
Turn off the light I stole
You're the captain of your soul
You're the captain of your soul
The master of your fate
The master of your fate
I dreamt of being like you
I dreamt of being like you
So pure, so clean, so whole.
So pure. so clean. so whole.
I just need one more chance
I just need one more chance
To rinse my eyes
To rinse my eyes
And wash away my blindness
And wash away my blindness
Wash away my sadness
Wash away my sadness
Wash away my dependence
Wash my dependence
Wash away my fear
Wash away my fear
So I can give myself protection
So I can give myself protection
When you put me down
When you put me down
So I can deal with disconnection
So I can deal with disconnection

When I hit the ground
When I hit the ground
Get resistance to the infection
Get resistance to the infection
That you spread around
That you spread around
So I can declare my independence
So I can declare my independence
It's been so long so high
It's been so long so high
This wall I've climbed
This wall I've climbed
So green so blue
So green so blue
So real, surreal
So real, surreal
I'm home, I'm dry, I'm free
I'm home, I'm dry, I'm free
I've washed my hands of the future
I've washed my hands of the future
