I woke up to the sound.
Curfew calls all around.
And i'm so far away.
With you here by my side.
Open arms let you go.
Empty hands cut you loose.
Its your chance to get away.
Leave me gently.
I can feel something burn.
With my guts in a churn.
She's my god. i'm her clown.
We got lost in our prime.
I woke up to the sound.
Shadows shuffling around.
Twitching movements and sparks.
Celebrate in the dark.
Is it more than we're worth.
More than we can deserve.
All i want is some time.
Peace and quiet.
In the dark i am one.
I get strength on my own.
I get weak when you're gone.
Its ok i'm undone.
I can feel fire and ice.
With my skin inside out.
I don't care anymore.
Your eyes condemn me to the dark.
Your senses picking me apart.
I missed the last train out of here.
And now i'm facing my worst fear.
I'm not sure how it came to this.
I don't know why i hate you now.
I have to break this cycle.
Give myself a new direction.
In the dark i am one.
I get strength on my own.
I get weak when you're gone.
Its ok i'm undone.
I'm not sure how it came to this.
I don't know why i hate you now.
I have to break this cycle.

Give myself a new direction.
Do you have the time to kill?
Do you have the will to choke?
If it's easier to burn tie me up on a stake
Do you have the time to kill?
Do you have the will to choke?
If it's easier to burn
Tie me up on a stake
Do you have the time to kill?
Do you have the will to choke?
If it's easier to burn
Tie me up on a stake
(and then its)
Kill kill kill kill(?)
(and)
I get burned(?)
