We've been abducted  
My head corrupted  
Sharp shock commotion  
Stirs up confusion

We failed to notice  
Blinded by daylight  
This grand delusion  
We lost the track

I stand corrected  
Captain arrest me  
'Cause these bones upon me  
Plastered and fractured

And make your selection  
Through gaps in memory  
They tell their own tale  
Playing for time, time

For all the steps that we can take  
We'll never close the open space  
So captain get us out of here  
Return us to the fear we know

To guard against the animals  
A shelter from the avalanche  
To guard against the animals  
A shelter from the avalanche
