[Hell Rell]

Yo

Yo this lil' nigga from my hood was like, "Yo Hell Rell"
"Remember 'fore you want to jail and shit
you used send me to the store for dutches?"
(Uh-huh, uh-huh) I'm like, "Yeah"
He like, "Now I'm sendin niggaz to the store for
dutches man" (Worrd?)
"Puttin in work, I bang out"
I said, "Lil' nigga I don't give a fuck man"
"I just got my hand on two AR-15's, and a pump with a
pistol grip, what's good?"

I'm bangin out! If a nigga lay a finger on my head
A nigga moms gon' end up dead, I said
I'm bangin out! For Weeks Ave, the block I'm from
For the hood I'ma bust my gun, fo' sho'
I'm bangin out! Like DeNiro, up in _Heat_
Hold court in the middle of the streets, nigga
I'm bangin out! C'mon, Hell Rell
Fuck with me on this one man, I'm bangin out man

It go red light, green light, bang bang bang
Another nigga slain, somebody moms feel the pain
The streets don't care, just soak up the blood
Move on to the next thug, I'm movin the best drugs
O.G. from the hood, we was cool since '89
Gave me a Ru' P-89, told me shoot if a nigga try me
(bang)
Might get shot if you look at me wrong
I'm just - itchin to hit him, I'm bangin fresh out of prison
A killer with straight intentions of mashin 'em with a
vengeance
Put me back in, go to the box, finish my sentence
I don't wanna be around nobody
I'm stabbin so they don't put me around nobody
You shouldn't be on the corner unless you profit
Bangin out like you got my nephew hostage
Busters can't hold me, SWAT can't control me
When I get to dumpin that K-10 in your gold teeth
Teeth, and I'm a monster I said

At departure I said, greet your father I said
6 million ways to die, choose one
I'm sittin on old max, the killer with new guns
You wan' test the rocket launcher? Well c'mon
A hundred shots'll go off and watch your family mourn
And one phone call'll make your whole family gone
Leave your family tree burnt down, y'all sittin in urns
now
Bangin out like a nigga got money on my head
Kill a hit man so he don't collect the bread
Bangin out like I'm in a stash house full of bricks
And it's comin to get robbed by some niggaz with some
fifths

Bangin out nigga!
Gotta take my change, bangin out
You ain't disrespectin me I'm bangin out
Fuck y'all niggaz, I'm bangin out
Hell Rell, DipSet, BX, bang out - WHAT?
