Verse 1

Hell Rell:

Yo I met this right Dominican, he put me in power  
So now I'm sittin' on it, yeah a shit load of powder  
100 thou for me after I pay my connect  
So I called these niggaz up, tell 'em pigeons on deck  
Tone came through, he be in P-8  
Took two of them things off of me and went on his way  
I threw him a extra one cuz I know he respect my gun  
He'd be stupid not the have my paper  
Cuz he gon' floss now and end up dead later  
I'm movin' the pies, and my connect is the baker  
Check this shit, I took one bird, broke it down for the  
small hustlers  
Most niggaz is buyin' bricks, but not all hustlers  
You got your 10 gram niggaz, 20 gram niggaz  
Hustlers that's movin' slow and they only want a O  
I need all that money, see that cake in my eyes  
And I'll bring it right to you nigga and save you the  
drive

Verse 2

Bucks:

Yo, I'm int he coke spot, gun in my hand

We call papi for four bricks, I got one in my hand  
Numb in my hand, my lil' homie run in the van  
Ran out the house wit' his Mac out stuffin' the van  
I'm muggin' for grams, shit, that ain't new to me money  
I got Peruvian cats that wanna shoot me for money  
And lose me for money  
Hide me in the dirt somewhere  
Cuz I snatch wallets like papi got some work  
somewhere  
Snatch his bird for a bird and we can work from there  
I know there's birds in his crib, ain't it chirps I hear  
And them ain't Nextel chirps I hear, I'm on my movie  
shit  
This hoe callin' from the room I'm on my coochy shit  
Duct-tape her, Uzi shit, tyin' 'em up  
He move birds to the hood, them niggaz buyin' 'em up  
So imagine some rich nigga not givin' me pies  
Man my chickens come in a box like Kennedy Fried
