I get money, I get money, I get I get I get money
I get money, money i got (Its Rugga)
I get money, money i got (Its Rugga)
I get money, money i got
Money I got, money i got (Dipset run New York!)
I get money, money i got
I get money, money i got
I get money, money i got
Money I got, money i got (I take it)
Legend in the Bronx like Pistol Pete and the boy George
Want these hollow tips go head they all yours
I'll pull it out and cock it back
Pop it at ya stocking cap
Nigga took my lil man chain but i got it back
Put ya hat on the wrong way
Mac for the gun play
You'll never see the boss, get to meet him one day
Boy dont learn he outside with the nine on him
Talking to some crackheads, probably got some dimes
on him
I though he was a rapper
I aint know he was wild
Nigga i'll lay ya ass out like manolium tile
Ho niggaz, washed up they need to throw in the towel
This bitch screaming for E i had to throw 'em a vowel
And ima get tired of you just running ya mouth
Find out where yo ass live and run in ya house
Yea, pop that pussy bitch
Shake that ass
I know some niggaz thats spinning, we can make some
cash
I get money, money i got (I take it)
I get money, money i got (I take it)
I get money, money i got (I take it)
Money I got, money i got (Dipset run New York!)
I get money, money i got (I take it)
I get money, money i got (I take it)
I get money, money i got (I take it)
Money I got, money i got (I take money nigga)
Im waiting for niggaz to test my gangsta
You know the world could use one less gangsta
Run up in the fucking club with all my jewels on

Guns like clothes, you know i got my tool on
Niggaz actin stupid tryna get they fool on
Bust a nigga right upside his head and then move on
On this pinky ring i done dropped ten
Fuck the police, they gon have to send SWAT in
And if you a real nigga why you hang with a snitch for
She dont wanna suck my dick?
Fuck she got lips for?
And i get money, money i take
Come looking for you niggaz if that money at stake
Niggaz tellin me "Rugga, give dat money a break"
You buggin, fuck u bring the armor truck and my
weight
Nigga, Hell fuckin Rell
Dipset crook
And when i die bury me with my checkbook
I get money, money i got (I take it)
I get money, money i got (I take it)
I get money, money i got (I take it)
Money I got, money i got (I told you Dipset run New
York!)
I get money, money is got (I take it)
I get money, money is got (17 shot 10 Rugga)
I get money, money is got (Dipset muthafucka)
Money I got, money is got
