Of all the places I could be I'm proud to be right here
Simply a reflection of the one we love so dear
Maybe we can pump you up to help you on your way
Maybe in the songs we sing or something we might say
Any way it happens we hope to make it clear
We've come to lift up Jesus high we're proud to be right here
I'm proud to be here in the service of the King
I'm proud to be here that's why we sing
Ever since he saved my soul picked me up and made me whole
I'm proud to be here

Now if you know my Jesus and you've brought a heavy load

Drop it all the feet of him who walked that Calvary road
All things are possible if you believe Jesus Christ the Son of God can do anything
It won't be much longer our Saviour will appear
But till he comes to take me home I'm proud to be here
I'm proud to be here...
[guitar]
Ever since he saved my soul picked me up and made me whole
(I'm proud to be here I'm proud to be here I'm proud to be here)
Ever since he saved my soul picked me up and made me whole
(I'm proud to be here I'm proud to be here)
