

Brush Arbor "Never Giving Up"

Visit "[Never Giving Up](#)" on MotoLyrics.com

I read it the Holy Book when Gabriel blows his horn
How some will be left out standing in the corn
So I will keep my lamp shinning brightly fit and trim
I will hear the master call when he comes again
No I'm never never giving up I'm never giving up on
God
I know that he is able in him I put my trust no I'm never
never giving up
[piano - guitar]
The preacher said on sunday that we should watch and
pray
And don't you let the devil stop you on the way
Don't get tired of waiting the word of God is true

Just the way he said he would he'll come for me and
you
No I'm never never giving up...
[banjo - dobro]
The clouds will roll back very soon and all of us can go
Get on board the gospel train it's leaving don't you
know
Heavens doors are open wide the saints go marching
in
I'll be in that number cause I've been born again
No I'm never never giving up...
No I'm never never giving up...
No I'm never never giving up...
