Breathe in the scent
Of fruitless bloodlust
Sadist

The innocence bled from loveless malice
Infidelity has brought us full circle
I could dress myself in your skin
You narcissistic whore
I'd rather walk away from this
Than wear the scorn of many

She sang, she sang to me softly
The copper taste of roses bless my hands

I'm not healing
I'm just living with your ghost
Desecrating
My life, my will
Eternal death

Breathe in the scent
Of fruitless bloodlust
Sadist

One last regret of a life so hollow
Burnt to embers
The maniacal spark
Fuel the catalyst
Bringing death to life
My conscience dead forever

Whore

She sang
She sang to me softly
The copper taste of roses
Bless my hands

She sang
She sang to me softly
The copper taste of roses
Bless my hands

I left my heart
Open for you to tear away
The drawbridge closing
No more can I keep the wolves at bay

We're fused as one in death
As life returns to ashes
I'm drowning in the wake
As futile reason crashes, crashes

Alone I drown in tears of drying
Blood as we speak
The crimes between us
Reap our lives they rape us of our
Souls

Breathe in the scent
Of fruitless bloodlust

I will hate you forever
I will hate you forever

Die, die, die, die
