They can't hear me!
25 years of my life
In my own prison
Built in my head
25 years of my life
In my own prison
Built in my head

I've given all of me to see
Eyes open
Staring back at me
"a shattered loss", you said
Live through me

I wish I could
Crawl inside your skin
Pull and tear and
Make you feel again

Terrified, born to die (25 years of my life)
Tell me, are you satisfied? (in my own prison)
It fills me up, gives me life (built in my head)
25 year suicide

25 years of my life

In my own prison
Built in my head
25 years of my life
In my own prison
Built in my head

How could you leave me here? (how could you leave
me here)
To bear this pain alone (you knew they'd open scars)
That were better left alone (now you will have your way)
I won't fight

I've given all of me to see
Eyes open staring back at me

Terrified, born to die (25 years of my life)

Tell me, are you satisfied? (in my own prison)
It fills me up, gives me life (built in my head)
25 year suicide
