You can't stop and end this shit
Starts going
You can't fight against it
Poisoned thoughts led you astray
Nodding off into the gray
Fight your fears
A useless crutch
Relief a needle shot away

You do it everyday (pent up, shoot up)
Those games you still play (poison yourself)
You give your heart and soul way (you'll kick again
tomorrow)
It's just an empty promise

I can't wait to see you there
In a pool of yourself
Your too high to care
All I see of you
Glassy eyes
Begging for another chance
Sold your soul long ago
Rot your brain
Stab the vein
Kill the pain
Gave up on you long time ago
You do it everyday (pent up, shoot up)
Those games you still play (poison yourself)
You give your heart and soul way (you'll kick again
tomorrow)
It's just an empty promise

Soul revulsion!

When will you realize
How you look through other peoples eyes
Slave to mind and body rot
In it's clutches you are caught
So you thought
All I see of you
Glassy eyes
Begging for another chance

Gave up on you a long time ago

You do it everyday (pent up, shoot up)
Those games you still play (poison yourself)
You give your heart and soul away (you'll kick again
tomorrow)
It's just an empty promise

Soul revulsion!
