

My air is turning green, my life is ending slower.  
We wake up in a toxic war! We wake in a toxic war!  
Millions of drops of poison are falling with the rain.  
And the evil ones, smile when see our end.  
We wake up in a toxic war! We wake in a toxic war!  
In a toxic war! Wah!

"Mr. Evil, let me tell something:  
Your heart is just a missing part of the devil!"

And why there's?

Poison! In the innocent veins!  
Poison! In the innocent veins!  
Poison! In the innocent veins!  
Poison! In the innocent veins!  
Poison! In the innocent veins!  
Poison! In the innocent veins!  
Poison! In the innocent veins!

My air is turning green, my life is ending slower.  
We wake up in a toxic war! We wake in a toxic war!  
Millions of drops of poison are falling with the rain.  
And the evil ones, smile when see our end.  
We wake up in a toxic war! We wake in a toxic war!  
In a toxic war! Wah!

The death consumed this place.  
The war transformed into a graveyard.  
The abhor turn world a haunted town...

Ah! Ah! Ah!

Poison! In the innocent veins!  
Poison! In the innocent veins!  
Poison! In the innocent veins!  
Poison! In the innocent veins!  
Poison! In the innocent veins!  
Poison! In the innocent veins!  
Poison! In the innocent veins!

My air is turning green, my life is ending slower.  
We wake up in a toxic war! We wake in a toxic war!  
Millions of drops of poison are falling with the rain.  
And the evil ones, smile when see our end.  
We wake up in a toxic war! We wake in a toxic war!
