I'm the one that tempts your world  
Your eyes are burned by me  
I walk in the street in my merry nastiness  
The nastiness you fear  
I don't need to do nothing more than be myself  
Stupid people always need somebody to burn at the  
stake  
You will see that I'll become something never seen  
before  
You will see that I'll become something never seen  
before

I'm an angel the first angel  
I'm the fallen angel  
I was an angel the dirty angel  
Poor my little angel  
Don't you see the love of god is the biggest lie?  
Don't you see the faith in god is the biggest lie?

Hey you! Why are you so blind  
Everyday the god that you love makes you cry  
Hey you! Open your eyes  
Following your pleasures is the only way

You will see that I'll become something never seen  
before  
You will see that I'll become something never seen  
before

I'm an angel the first angel  
I'm the fallen angel  
I was an angel the dirty angel  
Poor my little angel  
Don't you see the love of god is the biggest lie?  
Don't you see the faith in god is the biggest lie?

Hey you! Why are you so blind  
Everyday the god that you love makes you cry  
Hey you! Open your eyes  
Following your pleasures is the only way
