Out of time out of tune  
Born sucking on a silver spoon  
Trying hard for the best  
You don't come close but I can stand the test  
Here's a hint here's a clue  
I'm the wolf in the movie 'bout you  
So pull a knife but I stand on it's edge  
L'm the allegiance the one that you pledge

You wanna rise to the occation  
But there's nothing to prove  
You'll be two steps back  
While I'm on the move  
And it makes you feel  
Envious-You can try but you won't nail it down  
Envious-You turn it up but it don't make no sound  
Envious-It's good looking at the first glance  
But you' re so envious-And you don't stand a chance

You got the axe but I got the licks  
Iç£>e got the drugs but baby you've got the ticks  
You're a word not worthy a mention  
I'm the teacher and you've got detention

You wanna rise to the occation  
But there's nothing to prove  
You'll be two steps back  
While I'm on the move  
And it makes you feel  
Envious-You can try but you won't nail it down  
Envious-You turn it up but it don't make no sound  
Envious-It's good looking at the first glance  
But you' re so envious-And you don't stand a chance

You pale in comparison  
But what can you do  
I admit it I look better beside you  
You will cry as I laugh  
You're a boy and I'm a man a half  
You'll always be the ugly nothing and I the sweat real  
I feel no pity but I know how you feel

You wanna rise to the occation  
But there's nothing to prove  
You'll be two steps back  
While I'm on the move  
And it makes you feel  
Envious-You can try but you won't nail it down  
Envious-You turn it up but it don't make no sound  
Envious-It's good looking at the first glance  
But you' re so envious-And you don't stand a chance
