I got time for some rock'n'roll  
Never really cared about my soul  
Workin' all day won't get me far  
So I will set it for a six-pack and a fast car  
Pack of smokes and a bottle of wine  
9-5 can't make it rhyme  
Time's right now, I gwanna get some kicks  
Booze, tough chicks and spaghetti flicks  
Oh yeah!!!

Oh yeah, I think I've made up my mind  
Can't wait 'cause I ain't got the time  
Standing at the crossroads with my guitar  
I take the one to the left and I will be a star  
I got time for some rock'n'roll  
Never really cared about my soul  
Workin' all day won't get me far  
So I will set it for a six-pack and a fast car  
Oh yeah!!!

To hell I will be damned  
Fire Fire Fire  
To hell I will be damned  
Yeah!!!  
Fire Fire Fire
