"I Love You"

Visit "[I Love You](#)" on MotoLyrics.com

And I'm smiling and calling and taking good care of
you

Listening, feeling you talking to you

I can see you love me when you look into my eyes

And I love you, adore you, I will always be there

You'll be mine, I'll be yours. my love don't be scared

You can tell it's true, just baby look into my eyes

You fool,

You shouldn't have trusted me

Oh baby believe me

I'm gonna lie to you

You fool,

You shouldn't have trusted me

Oh baby believe me

And say you love me too

And I kiss you, caress you and make you believe

That I feel what I feel, what I feel is so deep

I can't live without you baby look into my eyes

And I need you and I want you, I want you so bad

You're so deep down my heart and I'm feeling so sad

I just wanna be with you and look into your lies

You fool,

You shouldn't have trusted me

Oh baby believe me

I'm gonna lie to you

You fool,

You shouldn't have trusted me

Oh baby believe me

And say you love me too

Your poison is inside me

This time I feel it I can't breath

You fool,

You shouldn't have trusted me
Oh baby believe me
I'm gonna lie to you

You fool,
You shouldn't have trusted me
Oh baby believe me
And say you love me too
