You wanna play and fight
But then you run and hide
Go call your fuckin friends
You think that they can help
No matter what it takes
No mater where you go
I'm gonna find you

Hush, hush, hush, hush
You better sneak away
You better find your hole
Oh god I hear you
Run rabbit, run

Run rabbit, run
There's no place safe for you
Run rabbit, run
You'll find me there waiting for you

Your time has come, you're right
I'm coming just for you
And when I catch you please
At least put up a fight
There's nothing you can do
There's nothing you can say
For all you have done
You're gonna pay

Run rabbit, run
There's no place safe for you
Run rabbit, run
You'll find me there waiting for you

Run, and I'll still find you
Speak, and you know I will hear you
There are no secrets and no limits to my patience
I will always be watching and waiting for my chance
To have your blood on my hands

Run rabbit, run
There's no place safe for you

Run rabbit, run
You'll find me there waiting for you
