Ten to one and then it's over
Executives are taking turns
Options lost in dirty water
Got a whole lot left to give but still you're burned

No one ever said it'd be easy
Got it made got to be the one
Feels so good but then it's gone

Throwaway heroes
Disposable smiles
Keep track of pats on your back
In all out style

Time to move replace the burden
Pass the gloves onto some other hands
Who's that dude I never heard of
Well he's left the building but he was the shit he was
the man

No one ever said it'd be easy
Got it made got to be the one
Feels so good but then it's gone

Throwaway heroes
Disposable smiles
Keep track of pats on your back
In all out style
Throwaway heroes
Expendable beats
From god to geek
Now someone else is in your seat

Throwaway heroes
Disposable smiles
Keep track of pats on your back
In all out style
Throwaway heroes
Expendable beats
From god to geek
Now someone else is in your seat
