The bad news on the rise
Calls out the battle crisis
The flaws wind are blowing hard
On my true history i have some cards

There a whore inside my head
On the side loses i count to dead
One part you two part plain
Now hope you have a piece of mine

I make a choice if i can
All other my creeps are out of hand
And the rope is getting not so tight
Don't you for out of sight

The gloves i have in my hands
I got ten dogs after me
I throw them over
And they will let me be

I need a calling just to set me free
But i turn the wrong key
I gotta open that door
The one i have gone thru many times before
