In the morning you're the shining sun of day
When sun is gone you lighten my darkened way
You're the only one who could get this kind of hold girl
You walked right in and you took complete control
You're too good to me baby
Always treat me right
Too good to me baby
Got me up tight

Simplify these feelings and I'll call you a genius too
They can't stop this thing we've got between us two
There's not another strong enough to get this kind of
hold girl
There's not another hip enough to get me by the nose
You're too good to me baby
Always on my mind
Too good to me baby
Treat me good and kind

Just want you to know she don't complain or fight
no no - no no
I wanna tell the world she always treats me right
yeah yeah Ooo lord
I say the thing about this woman that I adore
yeah yeah all right
She don't see no one but me cause I'm her baby boy
yeah

Uh all right
I just wanna tell the world all about it
yeah yeah
Uh

Be cool treat my baby good ya'll
And I know she'll be doin what she should
You're too good to me baby
Never do me wrong
You'e too good to me baby
Her love is so strong

Tell ya'll all about this girl I got
She treat me so fine

Don't you know she 'bout to drive me
Outta my mind
Too good to me
Treat me right ya'll

You're too good to me baby

You're too good to me baby
You're too good to me baby
Always treat me right girl
