

## Helldorado "Honky Tonk Aliens"

Visit "[Honky Tonk Aliens](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Have you ever been to Mercury?  
Have you ever been to Mars?  
Have you ever been to Jupiter,  
drinkin' in alien bars?  
Or have you ever been to Earth,  
Where gravity pulls you down?  
It's such a sad place to be  
for the Honky Tonk Aliens

Honky Tonk Aliens  
are floating in outer space  
You see them  
on the western hemisphere

Oh yes, I've been to Mercury  
I've also been to Mars  
I've even been to Jupiter  
drinkin' in alien bars  
But I would never land on Earth  
where gravity pulls you down  
It's such a sad place to be  
for the Honky Tonk Aliens

Honky Tonk Aliens  
are floating in outer space  
You see them  
on the western hemisphere
