"Rock Your Soul"

When I come to you my sweet mistress
I do not come to feel your sweet caress
I wanna feel some pain
I wanna hurt
Bound by a ball and chain
Treated like a piece of dirt

Come on and let me rock your soul!
Tonight my love is black as coal

When I come to you I must confess
I do not come to ask for tenderness
I want you to treat me harder
I'll do just what you please
If you ask me to tie your garter
I'll wind it right above your knees
Come on and let me rock your soul!
Tonight my love is black as coal

When I come to you I must confess
I do not come to ask for tenderness
I wanna be your slave
Under your whip
I'll do anything you crave
Until you leave this sinking ship

Come on and let me rock your soul!
Tonight my love is black as coal
