Distant thunder is rolling, Across the desert sands
Distant thunder is rolling, Across these pagan lands
Soon the rain's gonna fall, And the creeks will rise
Soon the flood will come, But you just close your eyes

Cause' you don't wanna know, But you know that it's true
You don't wanna know, Where you're gonna hide
Your sinful soul, When the thunder rolls

I see a coal black twister, And it feeds on your fear
I see a coal black twister, And it's drawing near
It's gonna crush your trailer, And bust your shack
It's gonna burn your money, And it'll all turn black

Cause' you don't wanna know, But you know that it's true
You don't wanna know, Where you're gonna hide
Your sinful soul, When the thunder rolls

When the man comes a riding, On a strong black stud
When the man comes a riding, He can smell your blood
He's gonna make you quiver, He's gonna make you moan
He's gonna track you down, Where the wind has blown

Cause' you don't wanna know, But you know that it's true
You don't wanna know, Where you're gonna hide
Your sinful soul, When the thunder rolls
