Okay  
We go  
Tonight, gotta think about a way to get our ass inside  
You, you and you with me, we go from the front door  
I want two squads: one front, one back  
Everybody knows the plan now get the guns

... we're in!...

Okay nobody moves,  
My friends here are fully automatic  
Just do what I say  
You don't want me to go all "spray 'n' pray"  
Get down on the ground  
Face down  
Hands behind your head  
Alright T get the money I've got your back

Face down!  
On the ground!

Alrite,  
Let's go boys  
Time's up  
Tick tock  
We're gonna move everybody in the room on the back  
We don't need no hero  
Just walk in a straight line  
I'm gonna shoot your ass, no doubt  
Man we gotta go we gotta get the fuck out

Sirens are comin'  
We got to be fast  
If it gets too hot  
Do anything it takes just don't get caught

Step on the gas  
We all know what to do  
I'd rather not to kill  
But they get too close just fire at will

Face down!  
On the ground!

We made it guys  
Chill out now  
We are back in biz  
Hey, wait a second where the money is?
