Leave off human form
To try to find a way for me
Hate all myself
For all the feebleness
I cannot suffer more
The bitter taste of all the lies
Hold on to me the pain
To feel myself still alive
I keep myself insane
The light you see at the end is a lie

At the end of my hell there's nothing at all, no exit
At the end of the pain
There's nothing more than another lie

Leave off human form
To try to find a way for me
Hate all myself
For all the feebleness
I cannot suffer more
The bitter taste of all the lies
Hold on to me the pain
To feel myself still alive
I keep myself insane
The light you see at the end is a lie

At the end of my hell there's nothing at all, no exit
At the end of the pain
There's nothing more than another lie
At the end of my hell there's nothing at all, no exit
At the end of the pain
There's only someone else to lie to me

At the end of the hell, at the end of the pain, I realize
that the one who lies is me...

At the end of my hell there's nothing at all, no exit
At the end of the pain
There's nothing more than another lie
At the end of my hell there's nothing at all, no exit
At the end of the pain
There's only someone else to lie to me
