He was to be feared, that's what they say
Pain and lies was what made him this way
No care for the wounds, no care the bruise
He's got nothing to gain, he's got nothing to lose

Betrayed and lied to just too many times
Nothing can hurt you when you're dead inside
If only you could tell the tears from the rain
He's got nothing to lose, he's got nothing to gain

One cold day of winter she gained his trust
She blew on his heart to get rid of the dust
"Once upon a time" is how the story has begun
The end came too soon when she loaded the gun
When she loaded the gun

There was a star in the sky
She had eyes in his eyes
"You know love will never die"
He knew that was a lie
When the star fell from the sky

Her beauty was made of ashes and gold
All that she wanted was to take his soul
When she pulled the trigger they heard no sound
The man with no soul was found dead on the ground

Until death do us apart
Who could have imagined that he had a heart
They say that he loved her until the end
Love is one thing you can die to defend

There was a star in the sky
She had eyes in his eyes
You know love will never die
He knew that was a lie
When the star fell from the sky
