[music by Walsh/Acres, lyrics by Coker/Reigel]

dreams of days gone by  
life which path to take  
flash backs hallucinations  
world has changed  
back into society  
see the light of day  
tolerance  
perceived as challenge  
hostile environment  
no excuse for failure  
you're victimized  
punishment for guilt  
blandly accepting fate  
humiliation  
threshold of mixed emotions  
deliberately suppressed  
released from isolation  
uncertainty arises  
adapt to my surroundings  
horrified of what I see  
population dominated  
aversive stimulation  
inability to control  
disrupting effect  
reopening the wounds  
abandoned and deprived  
disease potential  
[solo: Walsh]
