Crucifixion they called the game  
Bestial penalty, a deadly maim  
Crucifixion, the way that sinners go  
Holy torment, last malice ya got to know

Crucifixion, crucifixion  
Bloody Hell, I won't die here  
Crucifixion, crucifixion  
I'm bloodcovered in pain an' fear

Hundreds of years they raised the cross  
Evil dark priest(s), black stones they toss  
The bible, it prayses that bloody wood  
A priest, he prays with an uncanny hood

Rusty nails sendd them straight to hell  
Illtreated, they just got their souls to sell  
Crucifixion, the way that sinners go  
Holy torment, last malice ya got to know
