### "Here We Go"

This one goes out to the boys and the girls  
You know, who just don't feel like they fit into this world  
Here we go!  
This one is for all the lonely souls  
That know that everything is spinning out of control.  
And it goes,

This one goes out to the boys and the girls  
You know, who just don't feel like they fit into this world  
Here we go!  
This one is for all the lonely souls  
That know that everything is spinning out of control.  
And it goes a little something like this,  
As simple as it is,  
You just gotta say "Hey, na na."
