Look into the future, there ain't nothing I can see  
Everyone is trapped inside a false reality  
Only thinking of yourself is leading you nowhere  
Do you call that free?  
Everyone around is falling down on me

Sick minds always winning at the game  
I make my own rules and take the blame  
Living, living in Hell  
Living, living in Hell

Bills are stacked up two feet high  
The landlord's on the phone  
Got no transportation, no place to go  
Something's going wrong  
I don't like all that I'm seeing  
Nothing I can do  
Everything around is falling down on you

Sick minds always win the game  
I make my own rules and take the blame  
Living, living in Hell  
Living, living in Hell  
Living, living in Hell  
Living, living in Hell  
Living in Hell

[Solos: Kenny Andrews / Chet Thompson]

This house is smelling rotten  
The sink is turning green  
The halls are filled with garbage  
There ain't nothing here that's clean  
Only thinking of yourself is leading you nowhere  
Do you call that free?  
Everyone around is falling down on me

Sick minds always win the game  
I make my own rules and take the blame  
Living, living in Hell  
Living, living in Hell  
Living, living in Hell

Living, living in Hell
