I was walking round Hollywood  
3 a.m. Sunday night  
People passing, looking at me so strange  
Cause no-one walks round here unless they're  
deranged

Out of an alleyway a woman appears  
Motions me, come inside  
She said, you've been trying hard  
In this town too long  
So don't apologize  
If you want to make it big in Hollywood  
This is what you got to do  
If you want to make it big in Hollywood, girl  
You gotta be a Jew

Well, I been up on that speed  
And down on that booze  
And high on cocaine  
But nothing ever really could relieve my pain  
And when a couple of late nights  
Turn into a week or two  
When you need to find a doctor child  
It's gotta be a Jewish man

And then the lady, she leaned close to me  
Whispered, there's something you ought to know  
If you want to find a party  
A Jewish man will know where to go  
And if you got a job to do  
Trust a Jewish man to get it done  
If you want a lawyer or a CPA  
He's gotta be a Jewish man  
He's gotta be a Jew

Well, I been up on that speed  
And down on that booze  
And high on cocaine  
But nothing ever really could relieve my pain  
And when a couple of late nights  
Turn into a week or two  
When you need to find a doctor child

It's gotta be a Jewish man

Catholic boys and protestants  
Can be so very sweet  
But when it comes to making nice  
The Jews have got them beat

They got kosher salamis  
They've got their funky hats  
When it's time to rock and roll  
They'll show you where it's at

Well, I been up on that speed  
And down on that booze  
And high on cocaine  
But nothing ever really could relieve my pain  
And when a couple of late nights  
Turn into a week or two  
When you need to find a doctor child  
It's gotta be a Jewish man
