These days apart heal
All the times you made me feel
Like I wasn't good enough

This weight was lifted
But you're persistent
And your body plays it's roll again

You know that without this mattress
We'd be nothing
But we pretend
That I'm unaware of the
Tricks you have up your sleeve
But you don't know that...

You're the one
You're the one who makes this
Not worth saying
So I'll let you know
That I'm done
I am done being your guilty pleasure
So let me go

This conversation has brought my attention
To just how much I'll never miss
You're condescending and still pretending
Like you still have some hold on me

You know that without this mattress
We'd be nothing
But we pretend

You're the one
You're the one who makes this
Not worth saying
So I'll let you know
That I'm done
I am done being your guilty pleasure
So let me go

You're the one
You're the one who makes this

Not worth saying
So I'll let you know
That I'm done
I am done being your guilty pleasure
So let me go

So let me go
So let me go
