Sweetie sweetie you think that
This is over my head (over my head)
Let me let me assure you
You better think again

Cause your secret I know
See what you think I haven't
I bet you're feeling nervous
This time

So sleep with the guilt that
You've brought on yourself
Just know that I know

Your window and my eyes
Always tell the truth
Tell the truth

And I am
Trying not to watch
This light cast shadows
On your wall, on your wall
As those two silhouettes
Merge into one

I'm paralyzed you know
I shoulda shoulda know I shoulda
Seen this coming
From the start
(From the start)

So sleep with the guilt that
You've brought on yourself
Just know that I know

Your window and my eyes
Always tell the truth
Tell the truth

I hope it's what you want
I hope there's no regret
When you realize you have

No one left to fall back on
I know that you...

You'll sleep with the guilt
That you've brought on yourself
Just know that I know

Your window and my eyes
Always tell the truth
Tell the truth

You always tell the truth
You always tell the truth
