Feat. Ronnie Winter

Hurry up, summer's almost over
Same old story but a little bit older
Wasting
Time it's friday night. count the days
They're yours and mine to fly away
And
Turn the clocks back baby
For all the times I said it's just a movie
We can
Try to make this right
Count the days they're yours and mine

It feels so
Good to hold your breath so
Let go. if you need a reason
Let's go. I'm dying
To hear you say that you wanted this

Right now you're caught up in the
Moment
Some day you'll wonder where it all went
Waste away, it's saturday.
Don't run out
The sun is slowly going down and sinking in the ocean
Let's
Chase the light instead of waiting
For the stars to become ours
Make this
Wish your shooting star

It feels so
Good to hold your breath so
Let go. if you need a reason
Let's go. I'm dying
To hear you say that you wanted this

One more day. one last chance
This could be your
First and final dance
One more day. one last chance to have me for

Yourself

Let go. if you need a reason
Let's go. I'm dying
To hear you say that you wanted this

If you need a reason
I'm dying just to hear you say
It feels
Sooooo good.
