I heard you're from a small town where everyone  
knows your name  
Well isn't that a shame? (such a shame)  
That you're leaving it all behind just to play the game  
It'll make you go insane (go insane)

Celebutaunt, celeb you're not  
I bet you think you're so hot  
But you're tearing at the seams  
You hollywood queen

And I can't wait for the day  
When all your friends slip away  
And what will you say?  
What will you say?

Go ahead, leave your friends behind  
They don't mean a thing  
And it's not like they can change  
The way you feel about the pay,  
That remains the same

Well the city of lights is speaking tonight girl,  
With you in the spotlight

Celebutaunt, celeb you're not  
I bet you think you're so hot  
But you're tearing at the seams  
You hollywood queen

And I can't wait for the day  
When all your friends slip away  
And what will you say?

When they ask you who you are  
Can you live without love?  
(It's such a shame)

Celebutaunt, celeb you're not  
I bet you think you're so hot  
But you're tearing at the seams  
You hollywood queen

And I can't wait for the day  
When all your friends slip away  
Then what will you say?  
What will you say?
