A part of me just died.
Stare your death at me.
If you gave a shit and tried.
You might see.
Your friends youre butchering.
Wont lie.
Your friends youre butchering.
So fucking done.
Butchering. Butchering. Butchering.
Youd butcher God for your own greed.
Soulless, youre fucking soulless.

Your friends youre butchering.
Wont lie.
Your friends youre butchering.
So fucking tired.
Butchering. Butchering. Butchering.
Youd butcher God for your own greed.
Soulless, youre fucking soulless.

Breaking down your taxing sins.
Breaking down your taxing sins.
Youre bedded down with bugs.
Attached with death in drugs.
Scratch and claw a thought.
Attached with death in drugs.
Youre bedded down with drugs.
Attached with death in bugs.
Scratch and claw a thought.
Attached with death in bugs.

Butchering. Butchering. Butchering.
Youd butcher God for your own greed.
Soulless, youre fucking soulless.
