"Unjust Compromise"

Visions behind walls
Hide sordid truths
Unjust suffering
Upper hand blinds you

Blind eyes never see
Sheltering, forever unjust compromise
Blind eyes never see
Sheltering, forever unjust compromise

Raping others
Terminate will
Forced extinction
Capitalize the kill

Blind eyes never see
Sheltering, forever unjust compromise
Blind eyes never see
Sheltering, forever unjust compromise

Ours not meant to be
But you'll never see
The tales of misery
Small minds crushing fees

Blind eyes never see
Sheltering, forever unjust compromise
Blind eyes never see
Sheltering, forever unjust compromise
