You say you want me, take all of me  
Red blood red on your hands, take take take all you can  
Turn on your lights, we'll shine so bright.  
Brighter than we'll ever be, like a star racing sharply  
through me  
Break me, break me down  
Said the king to the queen you're now becoming just  
like me.  
I am the master of everything, i control the gravity.  
Just don't play the blame game, when you are losing.

Sing me to sleep, (Sing me to sleep)  
Sing me to sleep, (Sing me to sleep)

I'll help you drown. bye bye baby.  
I'll make you drown, bye bye baby.
