Can't ride 55 baby it's in my mind
It's all a systematic game that we left behind
We've hit the limit 'cause we've been down this road
before
There's nothing in it for me anymore

Now I don't believe just what went on
And I don't believe you now I'm gone
And I don't believe a thing you say to me
That you say to me

You're my 55 Regrets but you're not easy to forget
Yeah you're my 55 Regrets but baby now I've got to let
Let it go
Let you go

Can't ride 55 baby we're out of time
You know it's over now I'm leaving it all behind

You know so many time we've played it like this before
There's nothing in it for me anymore

Now I don't believe just what went on
And I don't believe you now I'm gone
And I don't believe a thing you say to me
That you say to me

You're my 55 Regrets but you're not easy to forget
Yeah you're my 55 Regrets but baby now I've got to let
Let it go

You're my 55 Regrets but you're not easy to forget

You're my 55 Regrets but you're not easy to forget
Yeah you're my 55 Regrets but baby now I've got to let
you go
