She's giving me the Hot Step  
I saw it from a distance  
Looking from behind me  
I feel it all around me  
We met at a disco  
It started with a hello  
And all I really want to know  
Is how far it's gonna have to go

Just meet me at the bar she said  
You know this doesn't have to end  
Just look into my eyes she said

She's giving me the Hot Step

She's giving me the Hot Step  
We're running 'round in circles  
Leaving her with ashes  
Her fire burns like matches  
She hit me with a Hot Step  
You know I've seen it before  
And whispered on the down low

The things that I can't ignore  
Never mind the flashes  
Flashing right in her face  
Step into the unknown  
Yeah remember the place

Just meet me at the bar she said  
You know this doesn't have to end  
Just look into my eyes she said

She's giving me the Hot Step

Just meet me at the bar again  
You know this doesn't have to end  
Just look into my eyes she said  
She's falling in my arms again  
I told that I had to go  
But things were better left unsaid  
But this is just the way it ends

She's giving me the Hot Step
